INSTRUCTION BOOKLET

ATLUS
WWW.ATLUS.COM

PLEASE CAREFULLY READ THE SEPARATE HEALTH AND SAFETY PRECAUTIONS BOOKLET INCLUDED WITH THIS PRODUCT BEFORE USING YOUR NINTENDO® HARDWARE SYSTEM, GAME PAK OR ACCESSORY. THIS BOOKLET CONTAINS IMPORTANT HEALTH AND SAFETY INFORMATION.

IMPORTANT SAFETY INFORMATION: READ THE FOLLOWING WARNINGS BEFORE YOU OR YOUR CHILD PLAY VIDEO GAMES

WARNING - Seizures

- Some people (about 1 in 4000) may have seizures or blackouts triggered by light flashes or patterns, such as while watching TV or playing video games, even if they have never had a seizure before.
- Anyone who has had a seizure, loss of awareness, or other symptom linked to an epileptic condition should consult a doctor before playing a video game.
- Parents should watch when their children play video games. Stop playing and consult a doctor if you or your child have any of the following symptoms:

Convulsions
Altered vision

Eye or muscle twitching
Involuntary movements

Loss of awareness
Disorientation

To reduce the likelihood of a seizure when playing video games:

1. Sit or stand as far from the screen as possible.
2. Play video games on the smallest available television screen.
3. Do not play if you are tired or need sleep.
4. Play in a well-lit room.
5. Take a 10 to 15 minute break every hour.

WARNING - Repetitive Motion Injuries and Eyestrain

Playing video games can make your muscles, joints, skin or eyes hurt after a few hours. Follow these instructions to avoid problems such as tendinitis, carpal tunnel syndrome, skin irritation or eyestrain:

- Avoid excessive play. It is recommended that parents monitor their children for appropriate play.
- Take a 10 to 15 minute break every hour, even if you don't think you need it.
- If your hands, wrists or arms or eyes become tired or sore while playing, stop and rest them for several hours before playing again.
- If you continue to have sore hands, wrists or arms or eyes during or after play, stop playing and see a doctor.

WARNING - Battery Leakage

Leakage of battery acid can cause personal injury as well as damage to your Game Boy. If battery leakage occurs, thoroughly wash the affected skin and clothes. Keep battery acid away from your eyes and mouth. Leaking batteries may make popping sounds.

To avoid battery leakage:

- Do not mix used and new batteries (replace all batteries at the same time).
- Do not mix alkaline and carbon zinc batteries.
- Do not mix different brands of batteries.
- Do not use nickel cadmium batteries.
- Do not leave used batteries in the Game Boy. When the batteries are losing their charge, the power light may become dim, the game sounds may become weak, or the display screen may be blank. When this happens, promptly replace all used batteries with new batteries.
- Do not leave batteries in the Game Boy or accessory for long periods of non-use.
- Do not leave the power switch on after the batteries have lost their charge. When you finish using the Game Boy, always slide the power switch OFF.
- Do not recharge the batteries.
- Do not put the batteries in backwards. Make sure that the positive (+) and negative (-) ends are facing in the correct directions. Insert the negative end first. When removing batteries, remove the positive end first.
- Do not dispose of batteries in a fire.

Story

River City High is an ordinary high school. At least, it was until two punks calling themselves the 'Dragon Twins' transferred in. Soon there were fights in the halls, threats, and teachers living in fear. The Dragon Twins brought out the worst in the student body. Then, one day, gangs seized the quiet town in a grip of fear, and the Twins took control of River City High. Nobody could get in—or out.

Luckily, Alex wasn't in school the day it was taken over. Seeing his school trapped under the rule of the Dragon Twins, Alex knew someone bigger was behind this mess, and he set off to find out just who that someone was. He'd need help, and there was only one dude in town as bad as Alex, even if they were lifelong rivals...

At nearby Cross Town High, Ryan left class and walked down the hall to his locker. When he opened it, he noticed a small piece of paper tucked between two books. He unfolded the note to find this message:

Ryan,
I hold your girlfriend,
Cyndi, captive. With my
gangs of students and
vicious bosses roaming
the streets, nobody
can stop me now. If you
want her back, come to
River City High.

- Slick

Ryan charged down the hall and out the door, just in time to bump into Alex...

main characters

ALEX

A senior at River City High and the most popular guy in school. Though tough, and a bit rebellious, Alex is kind-hearted and tries to defend those who need help. He got his reputation as a scrapper back in junior high, when he fought a gang of street thugs to save his friends, Simon and Roxy. Since then, people have looked past his below average grades because of his fighting abilities and heroic nature.

RYAN

The most popular senior at Cross Town High. Because of his status at the neighboring school, Ryan is Alex's lifelong rival. There is no love lost between the two at school sporting events, where they often go head-to-head. Though more academic than Alex, Ryan can still hold his own in a fight. He's stubborn and usually doesn't ask for help—but he may have to in order to save his girlfriend, Cyndi.

BRASS KNUCKLES

TRASH CAN

ROCKS

note:

There are other weapons in the game that aren't shown above. Be careful not to hit your buddies or yourself when you swing your weapon!

STATUS

Your character can get stronger by using items from the shops. Each item has a different effect on your many attributes. Make sure to check the Status Screen after you try a new item.

PUNCH

This value shows how powerful your character will be when pummeling punks with punches. The higher the number, the stronger the punches.

KICK

This value characterizes your killer kicking abilities. The higher the number, the more powerful your character's kicks will be.

WEAPON

It's important to know how to wield weapons well. The higher this value's number is, the more likely your character is to impress with a chain, stick, or the like.

DEFENSE

This value shows your defense ability. The higher the number, the easier it will be for your character to block enemy attacks.

TOUGHNESS

Tough guys don't take much damage—and this value details just how tough your character is. A high number means you can take a punch and not much damage. A low number means you're getting beat on.

STRENGTH

This value shows your character's overall strength. The higher the number, the more effective your strength-based attacks will be.

AGILITY

This value shows your character's overall agility. The higher the number, the more skilled you'll be at techniques which require agile movement.

JUMP

Air attacks require a strong jump as the basis for the technique. A high number for this value will translate into a stronger jumping attack.

WILLPOWER

Your character's Willpower indicates his general state of health. With more Willpower, your character will find it easier to keep on fighting. It's easier to attack and defend when your Willpower is high.

STAMINA

Stamina indicates your character's hit points (health). As long as you have Stamina left, your character is able to fight. If Stamina drops to 0, however, you will be knocked unconscious and have to try again.

MAXIMUM STAMINA

Your character has a Maximum Stamina which indicates how high the Stamina value may rise. By increasing this, you will be able to have higher Stamina overall and take more hits in general. Keep an eye on this stat.

NOTE:

Make sure to balance your status to match your style of play!

Shops

In the malls, you can enter a shop by pressing Up on the Control Pad. In shops, you'll be able to purchase items that improve your status or teach fighting techniques.

There are 3 types of shops:

EAT-IN Type Shops (Type A)

Items will be used automatically when purchased to improve your status.

TAKE-OUT Type Shops (Type B)

Purchased items will be stored in your inventory (view by selecting the Item screen). You can improve your status by using these items sometime after you leave the shop.

EAT-IN / TAKE-OUT Type Shops (Type C)

You can choose to use the item on the spot, or to take it with you for later.
